comfort in  
every season.

# Designed for durability, efficiency and environmental responsibility.

# 13 packaged

In the heat of summer or the cold of winter, the assurance of complete comfort is something you expect...and deserve. Now the money-saving benefit of high-efficiency operation is also yours to claim with the Armstrong Air™ 13 SEER gas/electric packaged unit. With the added advantage of easy serviceability and attractive, up-to-date design, this is your best choice for outstanding performance and reliable comfort year after year.

- 13 SEER\*, 78% AFUE\*\*
- 2- to 5-ton cooling capacity
- 68,000–138,000 Btuh heating input
- Limited lifetime warranty – heat exchanger\*\*\*
- 10-year limited warranty – compressor†
- 10-year limited warranty – parts†

## Innovative design features enhance serviceability.

Every unit is fully charged, run and tested for leaks at the factory to **ensure faultless performance** in your home. These packaged units are also built for **economical installation**, and service doors provide easy access for maintenance and repairs. Low-nitrogen-oxide-certified units and filter kits in 1", 2" and 4" sizes are available for improved indoor air quality.

## Unit Dimensions

Model Number	Width (Inches)	Depth (Inches)	Height (Inches)
4PGE13E24	65-3/8	36-1/2	34-1/4
4PGE13E30	65-3/8	36-1/2	34-1/4
4PGE13E36	65-3/8	36-1/2	34-1/4
4PGE13E42	75	46	38-1/4
4PGE13E48	75	46	38-1/4
4PGE13E60	75	46	38-1/4

## Quality construction meets up-to-date design.

Every component is designed for durable, worry-free operation...from the **weld-free tubular aluminized steel heat exchanger** and **solid-state ignition control board with LED diagnostics** to the heavy-duty **compressor**. The **platinum gray louvered cabinet** offers enhanced protection and an attractive appearance designed to complement every home.

## High energy efficiency helps lower utility bills.

**Save money** throughout the year with the exceptional heating and cooling performance of Armstrong Air packaged units.†† **13 SEER cooling efficiency** and **78% AFUE heating operation** help you squeeze more out of every fuel dollar, while **2- to 5-ton cooling capacity** and **68,000–138,000 Btuh heating input** provide total comfort in every season. Plus, you can feel good knowing these packaged units use **R410a refrigerant**, which meets government standards for **ozone and environmental safety**.

\*SEER – Seasonal Energy Efficiency Ratio

\*\*AFUE – Annual Fuel Utilization Efficiency

\*\*\*Lifetime limited heat exchanger warranty applies to registered product only (standard 20-year with no online registration). See full warranty at [www.alliedair.com](http://www.alliedair.com) for terms, conditions and exclusions.

†Warranty provides for a total of 10 years of limited warranty coverage (standard 5-year limited parts warranty, plus an additional 5-year limited extended parts warranty). Warranty must be registered online within 60 days of installation to qualify for 10-year coverage. Unregistered equipment defaults to 5-year coverage. See full warranty at [www.alliedair.com](http://www.alliedair.com) for terms, conditions and exclusions.

††Potential savings may vary depending on personal lifestyle, system settings, equipment maintenance, local climate, actual construction, and installation of equipment and duct system.
