

80 advantage

Armstrong Air™ Mid-Efficiency Gas Furnaces

Safe, clean
and quiet, year after
comfortable
year.

Wrap your family in Advantage 80 comfort.

80 advantage

Nothing makes a house a home like clean, soothing warmth. That's why we put so much thought into the energy-efficient Advantage 80 gas furnace line. We packed it with safe, family-friendly features for years of healthy, trouble-free comfort. From cool summer nights to frigid winter days, your family deserves our very best in home comfort.

- Up to 80.0% efficient
- Lifetime limited warranty – heat exchanger*
- 10-Year limited warranty – parts**

Lower utility bills.

The Advantage 80 furnace line has an impressive **AFUE rating up to 80.0** — that means less energy is needed to maintain the comfort of your home when compared to older, less-efficient furnaces.

Warm and reliable comfort — season after season.

We have engineered the Advantage 80 line to help ensure that your home is warm and comfortable. We incorporate **quality components** such as an aluminized steel heat exchanger to help resist corrosion and maintain long-lasting performance.

Quiet operation.

With features like a fully insulated cabinet and blower compartment, a sound-reducing burner enclosure and the ability to bring in combustion air from outdoors (two-pipe), the Advantage 80 line is **designed to operate quietly** — during every stage. It's just another element that adds to your ultimate comfort.

Easy to maintain and service.

We've added the innovative monitoring control system to help your service technician work quickly and effectively. Regular servicing is always recommended to help ensure your product operates at peak performance.

Two-Pipe Installation

The unique design of the Advantage 80 two-pipe furnace allows it to bring combustion air in from outdoors, providing enhanced comfort, improved indoor air quality, greater energy efficiency, quiet operation and increased installation flexibility.

* Lifetime limited heat exchanger warranty applies to registered equipment only (Standard 20 years with no online registration). See full warranty at www.alliedair.com for terms, conditions and exclusions.

** Warranty provides for a total of 10 years of limited warranty coverage (Standard 5-year limited parts warranty plus an additional 5-year limited extended parts warranty). Warranty must be registered online within 60 days of installation to qualify for 10-year coverage. Unregistered equipment defaults to 5-year coverage. See full warranty at www.alliedair.com for terms, conditions and exclusions.

Lifetime Limited Warranty on heat exchanger.*
10-Year Limited Warranty on parts.**
