

Armstrong Air™ Mid-Efficiency Gas Furnaces

80 advantage II

Experience
the warm comfort
of efficiency.

Wrap your family in Advantage II 80 comfort.

80 advantage II

Nothing makes a house a home like clean, soothing warmth. That's why we put so much thought into the energy-efficient AdvantageII 80 gas furnace line. We packed it with safe, family-friendly features for years of healthy, trouble-free comfort. From cool summer nights to frigid winter days, your family deserves our very best in home comfort.

- Up to 80.0% efficient
- Lifetime limited warranty – heat exchanger*
- 10-Year limited warranty – parts**

Lower utility bills.

The AdvantageII 80 furnace line has an **AFUE rating up to 80.0** — that means less energy is needed to maintain the comfort of your home when compared to older, less-efficient furnaces. In the short term, **you use less energy**. And in the long term, **the energy savings** can exceed what you paid for the AdvantageII 80. Now that's a smart investment!

Warm and reliable comfort — season after season.

We have engineered the AdvantageII 80 line to help ensure that your home is warm and comfortable. We incorporate **quality components** such as an aluminized steel heat exchanger to help resist corrosion and maintain long-lasting performance.

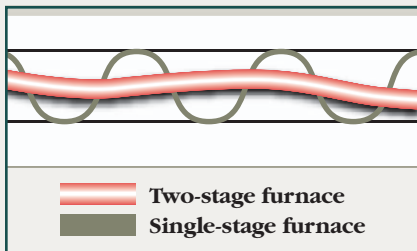

Quiet operation.

With features like a fully insulated cabinet and blower compartment, a sound-reducing burner enclosure and the ability to bring in combustion air from outdoors (two-pipe), the AdvantageII 80 line is **designed to operate quietly** — during every stage. It's just another element that adds to your ultimate comfort.

Easy to maintain and service.

We've added the innovative monitoring control system to help your service technician work quickly and effectively. Regular servicing is always recommended to help ensure your product operates at peak performance.

Temperature Control Comparison

A two-stage furnace operates at high or low output to accurately and efficiently control home comfort in relation to outside temperature and home heat loss.

* Lifetime limited heat exchanger warranty applies to registered equipment only (Standard 20 years with no online registration). See full warranty at www.alliedair.com for terms, conditions and exclusions.

** Warranty provides for a total of 10 years of limited warranty coverage (Standard 5-year limited parts warranty plus an additional 5-year limited extended parts warranty). Warranty must be registered online within 60 days of installation to qualify for 10-year coverage. Unregistered equipment defaults to 5-year coverage. See full warranty at www.alliedair.com for terms, conditions and exclusions.

Lifetime Limited Warranty on heat exchanger.*
10-Year Limited Warranty on parts.**

Not approved for use in mobile home applications.

Our gas efficiency AFUE ratings are certified by the Gas Appliance Manufacturers Association.
